

STATEMENT OF PURPOSE**RS23762**

In the 2013 legislative session, HCR 21 was passed to establish the Federal Lands Interim Committee to study the transfer of Federal Lands to Idaho. One recommendation from the Committee was to pursue the creation of a compact with the other Western States. This Legislation amends Title 58 and adds a new chapter that would create the ability to enter into an interstate compact on the transfer of public lands and establishes how the compact would operate.

FISCAL NOTE

There is no anticipated cost to the General Fund. Funding in future years would be subject to appropriation by the Legislature. Limited travel expenses would be paid from the Legislative budget.
